** ACC's MAT 110 + MAT 123 = Siena's QB (Math for Decision Making I)

***ACC's MAT 131 (Analytical Geo.\Cal. I) = Siena's QB –11 (Math for Decision Making II)

**** ENG 108, Writing About Literature, is preferred because it fulfills a core curriculum requirement in English at Siena.

Students who transfer to Siena with less than 24 or more total credits and with less than 9 credits in two different areas to the humanities, will be required to complete Siena's Foundations Sequence. The humanities include: history, philosophy, literature, and religious studies.

ACC Courses Which Satisfy Siena's Core Curriculum

I. Foundations Sequence

6 credits

Two courses can be substituted for the Foundations Sequence by taking nine credits from two different areas of the humanities. 45 total credits are required to qualify to make the substitution. The humanities include: history, literature, philosophy and religious studies.
