UDM FAST FACTS

US News and World Report Ranking – The 2005 edition of the *U.S. News and World Report's* "America's Best Colleges" ranks the University of Detroit Mercy as one of the top 25 Midwestern master's universities – the highest ranked of all Michigan schools in this category. UDM is also featured as one of only 15 Midwest universities in the magazine's "Best Values: Great Schools at Great Prices" category.

UDM is affordable! Combining co-op income and potential scholarships and financial aid, you may have little out-of-pocket expenses. See details below.

Co-op Leader – For all engineering students at UDM, co-op integrates real engineering practice with a rigorous on-campus education that includes computing and laboratory intensive components. UDM has one of the few four-year engineering programs in the country where all students obtain one full year of experience prior to graduation. Besides valuable experience, students earn an average of over \$28,000 during their three co-op rotations. This provides a significant amount of income toward tuition. Previous engineering related work experience can be considered for transfer credits.

Scholarships – UDM has several internally and externally funded scholarships (including full tuition grants) established for transfer students. Contact the Admissions office at 313-993-1245, 800-635-5020 or admissions@udmercy.edu to determine if you qualify.

Teaching Scholars – The faculty of the College of Engineering and Science has become a community of *teaching scholars*, leading the nation in attracting National Science Foundation grants (over 30 in recent years) for laboratory instrumentation and curriculum development. All equipment is used in undergraduate instructional labs. Faculty members, not teaching assistants, teach all major courses.

Student Leadership – To gain professional, technical and social connections, we highly encourage participation in at least one of the 25 active College organizations or numerous University clubs.

Location - UDM, located in Northwest Detroit, has close proximity to numerous corporations including many companies' headquarters. The Metro Detroit area is also home to a wide variety of cultural activities, entertainment, and sports teams. We invite you to visit!
