

Articulation Agreement between
 JAMESTOWN COMMUNITY COLLEGE
 and
 SUNY COLLEGE OF TECHNOLOGY AT ALFRED

Biological Science

Based on our mutual concern for providing students with the opportunity to receive a quality education in their chosen field that might otherwise be unavailable to them, Jamestown Community College and SUNY College of Technology at Alfred subscribe to the following memorandum of understanding.

Following detailed discussion and exchange of information between personnel representing each institution, it was concluded that there is sufficient similarity between courses required in the *Biological Science* curriculum at the College of Technology at Alfred and the courses offered at Jamestown Community College that a one-plus-one agreement can be established. Students may complete one year of study at Jamestown Community College and subsequently transfer full credit to SUNY College of Technology at Alfred, said credit being fully applicable to the *Biological Science* program subject to the guidelines listed below.
