TRANSFER AGREEMENT

Between Bristol Community College and Salve Regina University

Salve Regina University assures the acceptance of any associate degree graduate who meets our acceptance criteria and has earned a cumulative grade point average of 2.7 or higher (on a 4.0 scale) into the University. This agreement does not guarantee admission into the University's professional programs which may have enrollment limits or additional clinical/field placement sequencing requirements.

Transfer students will receive academic credit for all college-level courses applied toward the requirements of the associate degree in which the student has earned a grade of C or better. Non-credit, non-academic, or remedial courses adjudged to be below college level will not be accepted for transfer.

It is understood that if a student does not have the foundation or skill to enroll in an upper level course at Salve Regina University, he/she will be required to take any necessary prerequisite(s). Therefore, Salve Regina University cannot assure that every student can complete the requirements for the baccalaureate degree in two years.

The Salve Regina University catalog provides detailed information on degree requirements. Students wishing to plan their associate degree programs to ensure meeting prerequisites for upper division courses are encouraged to communicate early with the appropriate department chairperson at Salve Regina University.

The primary contact for the colleges will be the chief academic officer at each institution. The agreement will be reviewed bi-annually and may be revised by mutual consent. Termination of this agreement by either party requires no less than one year's notice. This agreement replaces previous articulation agreements designed for this purpose between Salve Regina University and Bristol Community College.
