Central Community College (All Campuses) College of Nursing (Administered by UNMC)

Transfer Guide for Central Community College (All Campuses), College of Nursing (UNMC-Traditional 4 Semester Bachelor of Science in Nursing Program). Guide revised Fall 2011. CONFIRM YOUR COURSE SELECTIONS WITH THE NURSING COLLEGE ADVISER!

Students anticipating transferring to UNL who intend to major in Nursing (administered through the University of Nebraska Medical Center) may use this guide for selecting Central Community College (All Campuses) courses. Check the UNL Bulletin <http://bulletin.unl.edu/undergraduate/index.shtml> for information about specific curriculum requirements or check the website at COLLEGE OF NURSING (<http://www.unmc.edu/nursing/>). Note: Students can complete all degree requirements for Nursing on the Lincoln campus, however, their degree will be conferred by UNMC. Students interested in transferring to UNL should communicate regularly with an academic adviser to confirm course selections. To contact an academic adviser in the College of Nursing call (402-472-7343). The courses listed below meet non-nursing course requirements. While not all courses are appropriate for all students, the entire list of approved courses is included so that students who have completed courses in transfer can determine whether or not they have already met these requirements. THE UNL COURSE NUMBERS ARE IN [] BEHIND THE CREDIT HOURS:

NOTE: Some courses have been approved in more than one category. Each course, however, may fulfill ONLY one requirement. All courses must be completed with a grade of "C" or higher. Students must apply to be accepted into the UNMC College of Nursing (Traditional Bachelor of Science in Nursing-4 semester) program. Admission to the program is highly competitive. See the UNMC College of Nursing website for application dates and details. The Pre-Nursing program is affiliated with the University of Nebraska Medical Center. Thus the general education courses listed on this site are the non-nursing requirements students must complete before applying to the program. At least 13 - 14 of the following requirements must be completed before applying: English Composition I, Anatomy (or Anatomy and Physiology I), Physiology (or Anatomy and Physiology II), Introduction to Sociology, Introduction to Psychology, Human Growth and Development, Chemistry with Lab, Statistics, College Algebra, Microbiology with Lab, Nutrition, Ethics, English Composition II, Humanities elective, Culture/Race/Ethnicity/Gender elective, Family and Human Behavior elective, and Political Science/Social Organizations elective.
