Transfer Guide for Mid-Plains Community Area (All Campuses), UNL College of Agricultural Sciences and Natural Resources, Guide revised Fall 2011, CONFIRM YOUR COURSE SELECTIONS WITH A UNL COLLEGE ADVISER!

Students anticipating transferring to UNL's College of Agricultural Sciences and Natural Resources may use this guide for selecting Mid-Plains Community Area (All Campuses) courses. Check the UNL Bulletin for information about specific curriculum requirements or check the website at CASNR (http://casnr.unl.edu/). Degree requirements may change each academic year. Students interested in transferring to UNL should communicate regularly with a UNL academic adviser to confirm course selections. To contact an academic adviser in the College of Agricultural Sciences and Natural Resources call (1-402-472-2201); ask for TRANSFER ASSISTANCE. To facilitate the transfer of credit, all grades should be a "C" or higher. The University of Nebraska - Lincoln applies a maximum of 66 semester hours (99 quarter hours) in transfer from community colleges toward a UNL degree.

IMPORTANT CHANGE: Beginning Fall Semester 2012 UNL will apply 60 semester hours or 90 quarter hours from community colleges toward a UNL degree

NOTE: Agricultural Journalism majors should work with a UNL adviser in selecting courses. Students interested in Pre-Forestry and in the Veterinary Medicine Preprofessional Program should consult an UNL adviser as these are not degree programs on the UNL campus.

Achievement-Centered Education (ACE) is the UNL general education curriculum. Students must complete at least one 3 hour course to meet the ACE outcome described below. A course may only apply to one outcome. Following is a list of ACE courses recommended for students planning on majoring in this UNL college. The transfer guides vary significantly by UNL college. Thus students considering more than one major should consult the guides for all of the colleges they are considering. Courses may apply to only one ACE outcome. The UNL course numbers are in [] behind the credit hours:

ACE 1 (3 semester hours minimum): Write texts, in various forms, with an identified purpose, that respond to specific audience needs, incorporate research or existing knowledge, and use applicable documentation and appropriate conventions of format and structure. If your school does not offer courses for the ACE 1 requirement, take the requirement at UNL.

ENGL 1020 Expository Writing II (3) [ENGL101]

ENGL 1010 Expository Writing I (3) [ENGL150]

ACE 2 (3 semester hours): Demonstrate communication competence in one or more of the following ways: (a) by making oral presentations with supporting materials, (b) by leading and participating in problem-solving teams, (c) by employing a repertoire of communication skills for developing and maintaining professional and personal relationships, or (d) by creating and interpreting visual information. If your school does not offer courses for the ACE 2 requirement, take the requirement at UNL

ACE 3: (3 semester hours minimum): Use mathematical, computational, statistical, or formal reasoning (including reasoning based on principles of logic) to solve problems, draw inferences, and determine reasonableness. The math requirement for this college varies by major. Many majors require minimally the equivalent of Stat 218 (Statistics) OR Econ 215 (Statistics) AND Math 102 (Trigonometry; NOT AN ACE COURSE). Students who want to keep their major options open should complete the equivalent of Math 106 (Analytic Geometry and Calculus I). If your school does not offer courses for the ACE 3 requirement, take the requirement at UNL. Note: Only one of Math 104-Calculus for Managerial and Social Sciences and Math 106-Analytic Geometry and Calculus I equivalency will count toward UNL degree hours

ACE 4 (3 semester hours minimum). Use scientific methods and knowledge of the natural and physical world to address problems through inquiry, interpretation, analysis, and the making of inferences from data, to determine whether conclusions or solutions are reasonable. Although the ACE program requires only 3 hours of science, most majors in this college require 4 hours of chemistry and additional hours in the biological sciences. We recommend students complete the equivalent of CHEM 109 and BIOS 101. Majors in this college are science intensive. Contact an UNL adviser for additional science requirements.
