**REQUIREMENTS FOR THE  
ASSOCIATE OF SCIENCE DEGREE**  
(Oregon State University Block Transfer)

The Associate of Science degree is a transfer degree intended especially to facilitate a transfer to Oregon State University and is an agreement between Oregon State University and Linn-Benton Community College to provide transfer of LBCC coursework to OSU. Students who complete this degree and are accepted to Oregon State University will be admitted as having completed all lower-division general education (Baccalaureate Core) requirements but not necessarily school, department, or major requirements with regard to courses or GPA. Students are encouraged to consult with an advisor at OSU. For a list of accepted courses at OSU, refer to the LBCC web site. Go to <http://www.lbcc.cc.or.us/dual> enrollment, then click on the "helpful links" button and look for the "Articulation Tables" links. (The Articulation Tables identify course equivalencies.) Students pursuing the Associate of Science degree must meet additional program requirements in one of the following specific emphasis subject areas: Agricultural Education, Agriculture Business Management, Animal Science, Art, Biological Science, Business Administration, Chemistry, Child & Family Studies, Computer Science, Economics, Engineering, English, Exercise and Sport Science, Health Care Administration, Health Promotion & Education, Home Economics, Journalism/Mass Communications, Mathematics, Music, Photography, Physics, Social Science, Speech Communication, Technical Communications, or Theater.\*

For students not transferring to OSU, AS degree credits transfer to all four-year institutions on a course-by-course basis. The assignment of LBCC credit to particular requirements of other schools is made by the institution to which the transfer is being made.
