The School of Education offers a program that leads to teacher licensure at the elementary (K-6) level. This program is comprised of three major parts: General Education (requirements completed primarily in the first two years), Major (content areas in which students are specializing), and Professional Education (course work focusing on students as learners and ability to communicate knowledge effectively).

Typically, transfer students apply for admission in the middle of their sophomore year of study (even if they are still enrolled at another university or community college and have not yet transferred to KU) and enter the School of Education at the beginning of their *junior year*.

**Minimum Requirements.** All students who apply for admission to the department must meet the following minimum requirements:

- 1) An applicant must have completed at least 45 hours by the time of application and at least **55 hours** by the time of admission. The **cumulative grade-point average must be at least 2.75**.
- 2) Applicants must have **cumulative grade-point averages of at least 2.75** in the core admission courses to qualify for the pool from which students are selected. No grade lower than a C is acceptable in English, communication studies, or mathematics.
- 3) A student must pass all three sections of the Pre-Professional Skills Test before submitting application materials. Passing scores are 173 in reading, 172 in mathematics, and 172 in writing.
- 4) Applicants must also submit personal essays and letters of support.

Because enrollment in competitive programs is limited to prescribed numbers, *students who meet minimum admission standards may not be accepted*. Prospective teacher education students should consult an adviser early in the first year to ensure fulfillment of admission requirements and to plan efficient programs of study.
