NOTES:

Only courses with a minimum grade of C or better will be accepted for the Pre-Professional Program. A review for acceptance will be required. The review consists of GPA, portfolio and statement of intent.

You must be within three (3) hours of a completed Associates degree in Pre-Architecture to apply to the College of Architecture (TTU or El Paso) program 2011-2012 academic year. Any incomplete/coursework in progress at the time of application submittal must be reviewed by: the Director of the TTU CoA El Paso Program or the Director for TTU CoA External Programs in Lubbock prior to acceptance.

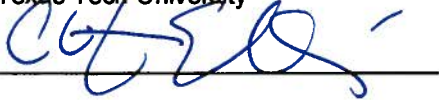

These 70 hours must be taken. While all credit hours presented on the transfer institution's transcripts will be evaluated, and equivalent college-level courses posted to the student's academic record, a maximum of 65 semester credit hours from two year colleges may be applied towards degree requirements.

Be aware that equivalent course numbers may change at Dona Ana Community College or Texas Tech University. Please make sure to check with an adviser with the El Paso or TTU campus prior to taking a core course.
