"Drexel Equivalent": where possible, we will apply your credit to an appropriate course at Drexel that is equivalent to the one you have completed.

* Up to the maximum allowed for your major

** The maximum number of credits that may be transferred into a Drexel undergraduate program is 90 quarter credits (60 semester credits). Transfer credit limits for degree completion programs may be higher. Transfer credits above stated limits may be accepted with approval of the program and the Office of the Provost.

To receive transfer credit, the courses must be substantially equivalent to courses offered in the desired curriculum at Drexel and you must have completed the courses with a grade of C (C=2.0) or better. The transfer courses listed should be used as a general guide and might not be acceptable for every major at the University. We make every effort to keep this guide current but cannot guarantee that every course will be acceptable for transfer. The number of credits you can transfer will be determined by the academic department once you've been accepted.
