Successful completion of the 2+2 plan requires that a student remain continuously enrolled and graduate with the associate's degree from his or her respective community college. • This is a guide for course work in the major; actual course sequence may vary by student. Please refer to the online student degree evaluation. • Not all courses are offered every semester and some electives may have prerequisites. Students should review the course descriptions in the catalogs of their respective institutions and consult with their academic advisor to plan accordingly. • Academic plans and course schedules may need to be altered if ACT or Math Placement scores require a student to take pre-college courses (e.g., MATH 0900, 0921, or 0925) before taking required math or English courses.

#### Northwest College requirements:

To complete an AA degree, a minimum of 60 credit hours is required, although individual programs may have additional requirements.

#### NWC History Program notes:

<sup>1</sup> Students must successfully complete core courses with a C or better to meet program requirements.

#### University of Wyoming requirements:

Students must have a minimum cumulative GPA of 2.0 to graduate. • Students must complete 42 hours of upper division (3000-level or above) coursework, 30 of which must be from the University of Wyoming. • Courses must be taken for a letter grade unless offered only for S/U.

#### UW College of Arts and Sciences requirements:

Students must take two "core" courses in addition to UW's University Studies Program requirements: Diversity in the United States (ASD) and Global Awareness (ASG). • No more than 60 hours in the major subject may be used toward the 120 credit hours required for graduation. • At least 30 hours in the major subject must be completed with a grade of C or better (the major may require more).

#### UW History Program notes:

In addition to all university studies and college requirements, students majoring in history will complete a minimum of 36 credit hours in the major, including a minimum of 15 hours of upper division history electives. Additional history courses may not exceed 50 total hours to complete degree requirements. • Only courses in which a grade of C or better has been earned may be used to satisfy major requirements. • The history major has considerable leeway in course selection. Because of the flexibility of the program, history majors are encouraged to choose a minor in consultation with their academic advisor.

<sup>2</sup> Students must complete at least one course in a non-Western Civilization content area and one course in a US-Western Civilization content area at the 1000-2000 (lower division) level. Students must also complete at least one course in a non-Western Civilization content area and one course in a US-Western Civilization content area at the 3000-4000 (upper division) level. NWC HIST 1110, 1120, 1210, & 1221 courses meet the 1000-2000 level US-Western Civilization requirement. Students should consult with their academic advisor to select approved courses for the remaining three content area requirements.

<sup>3</sup> A **single language** must be taken for 12 hours or three (3) semesters to fulfill the foreign language requirement for the program.

<sup>4</sup> If the student has already completed the A&S Diversity in the U.S. (ASD) requirement, a 3 credit elective can be taken instead.

<sup>5</sup> If the student has already completed the A&S Global Awareness (ASG) requirement, a 3 credit elective can be taken instead.
