

CAYUGA COMMUNITY COLLEGE--KEUKA COLLEGE
MASTER LIST of EQUIVALENT and TRANSFERABLE COURSES
2007-08

Explanation of Transfer Codes

Below is an alphabetical list (based on course letter designations) of every transferable Cayuga Community College course. In the second column, Keuka College equivalents are listed, where they exist.

The transfer codes in the third column identify courses that transfer either as general education credits in Keuka's traditional or transfer core curriculum or as general elective credits. In most instances, courses without a code fulfill matriculation requirements or electives in at least one major program at Keuka. Students should consult the major worksheets provided for details on how these courses apply to specific Keuka programs of study.

HC = course fulfills a requirement in the humanities bundle of the transfer core (for students transferring 25 or more credits)

SS = course fulfills a requirement in the social sciences bundle of the transfer core

NSM = course fulfills a requirement in the natural sciences/mathematics bundle of the transfer core

GE = indicates a course that is transferable only as a general elective

Any transferable course may also count as a general elective if not already applied toward the core or a major program requirement. Note: any student transferring in fewer than 2
