Note: A finite number of 100-level courses with ED & LED equivalencies is allowed for all education majors.					
ED = Elementary Education major core requirements for state licensure.					
LED = Courses allowed toward the 18-credit concentration in liberal arts and sciences required of all Elementary Education/Liberal Studies majors, pending approval of the Liberal Studies/Education Coordinator.					
*SCED = Courses required for Secondary licensure only, in the student's chosen academic discipline.					
Effective with the Roxbury CC 2004-2006 catalog, course numbers have been changed to eliminate the first two digits of each five-digit course number as it appears in this guide. For example, SSI 15-101, Economics I: Micro, has been changed to course number SSI 101. However, SSI 20-101, World History I, also has been changed to course number SSI 101. For clarification in advising matters and in the WSC database, the original five-digit Roxbury CC course numbers will continue to appear in this course equivalency agreement, wherever they exist.					
This course equivalency guide is published for informational purposes only and does not constitute a contract between Westfield State College and any student, applicant for admission, or other person. These course equivalencies are subject to change without notice.					
Document updated August 2005 for fall 2006 enrollment.
