Transfer students who are admitted to Nazareth College and who have earned, or will have earned, a two-year degree (AA or AS) from a fully accredited college or university prior to registration at Nazareth College are ordinarily granted 60 credits and junior status. Depending on previous courses, however, and the major and degree program selected at Nazareth College, some students may need more than 60 additional credit hours to complete a bachelor's degree program.

Transfer students transferring to the Nursing Department with an AAS degree in Nursing are ordinarily granted 60 credits and Junior status.

Other transfer students who do not possess the AA or AS degree and wish to transfer credits to Nazareth College from fully accredited* two year or four year colleges or universities, or other institutions of learning (foreign, trade, technical, music, art, fashion, and business) will have those credits awarded on a course by course basis.

* Fully accredited means that a college or university is accredited by both the appropriate State Department of Education and the appropriate regional accrediting association.
