Courses FAQ

+ How are Excelsior College courses delivered?

- Will courses from other colleges transfer into my partnership school degree plan?

Yes. Excelsior College recognizes college-level courses completed at other regionally accredited colleges and universities. Academic advisors evaluate student transcripts from other colleges and universities during the evaluation process, and there is no limit on the number of transfer credits accepted. Credits transferred must apply to specific degree requirements.

+ How many courses can I take at one time?

Courses

Excelsior College offers degree courses at the associate and bachelor's levels in business, liberal arts, nursing, health sciences, and technology—and master's-level degree courses in business, liberal studies, and nursing.

Course Search, Terms and Deadlines

Review terms and [course registration deadlines](#). Quickly find course(s) that interest you and may fulfill your degree requirements with our [course search](#).

Late Registration

[Late registration](#) begins the Saturday after the established registration deadline and continues through Friday of the first week of the term at 12:00 p.m. EST. Only online registrations are accepted during this period. You will be charged a \$25 late registration fee. If you drop and then add a course, you will not incur the fee.

CD-ROM

We offer most undergraduate liberal arts courses and a select number of business courses in CD-ROM format. Each CD-ROM contains an entire 15-week course so that you can access the course work if you do not have consistent Internet access. You need to be able to email your instructor at scheduled intervals during the term in order to report progress and submit assignments and exams. You are responsible for obtaining the required textbooks and study resources for each course.

Online

With 8 and 15-week online courses you can access and study for the courses at your convenience, 24/7. Dialogue with instructors and other students in the course, group activities, lecture notes, submission of scheduled assignments and exams are all part of your online learning experience.
