

Transfer Students

Lourdes College welcomes students transferring from other institutions of higher education and has formed articulations with Owens Community College, Terra Community College, Northwest State Community College and Monroe County Community College. Credit is granted for coursework earned (with a grade of "C" or better) at regionally accredited colleges and universities. A formal credit evaluation will be completed once the Office of Admissions has received all official transcripts.

Lourdes operates on a rolling admission policy. When all credentials for your application have been received, your Admissions Coordinator will review the file and notify you in writing within two weeks.
