

# TRANSFER OF CREDIT POLICIES

The University accepts academic work from institutions listed in the American Council on Education publication, Accredited Institutions of Postsecondary Education. Transfer credit is generally awarded for coursework that is comparable to ETBU's curriculum in level and nature and for which the student earned satisfactory grades. The Office of the Registrar will consult with the appropriate Academic Dean for questions of course content or applicability. Total transfer credits from junior colleges may not exceed 66 hours (72 for BAS degree).

For institutions of higher education not listed in the American Council on Education publication, Accredited Institutions of Postsecondary Education, as well as course work from technical and vocational institutions, the student must furnish sufficient information that the appropriate academic department can evaluate the course work in terms of:

- a. Collegiate level work
  - b. Comparable to ETBU curriculum in level and nature
  - c. Appropriateness for application to an ETBU degree
- 
1. All transfer work will be evaluated on a course-by-course basis.
  2. No grade will be changed.
  3. Transfer work with grades that would cause the student to be placed on probation will not be accepted. (Such courses may not be transferred in a later semester even if the student's GPA improves.)
  4. In the case of multiple transfer courses, only those courses relevant to the degree plan and which do not place the student on probation will be accepted.

Transfer students (students with 24 or more transferable hours) must maintain a cumulative GPA of 2.0 on transferred work from each institution attended.
