

Students transferring to ENMU-Roswell must file official transcripts from each college or university attended. Students with fewer than 30 semester hours of acceptable transfer credit must also have official high school transcripts sent. If students on suspension from another institution wish to enroll in courses at ENMU-Roswell, they may appeal to the Academic Standards Committee for an admission waiver. They should be WARNED, however, that credits earned during suspension periods may not be accepted by receiving institutions.

### **Acceptance of Transfer Credit**

Credit is accepted for college-level work from institutions accredited by an accrediting body recognized by the Commission on Recognition of Postsecondary Accreditation (CORPA). Courses which would not be accepted include, but are not limited to, some technical/occupational courses, doctrinal religion courses and basic skills level courses. ENMU-Roswell does not grant credit for work experience.

Credit for college-level work from an institution that is a candidate for accreditation by a CORPA recognized body will be awarded after 15 credit hours have been earned at ENMU-Roswell with a minimum grade point average of 2.0.

To further enhance articulation between all state-supported institutions in New Mexico, ENMU-Roswell adopts the principle of treating transfer students as native students in the application of credit toward certificate or degree requirements.

### **Evaluation of Transfer Credit**

The Office of Admissions and Records evaluates transferable credits and determines the applicability of acceptable credits to students' degree programs.

Students who would like to have a transfer credit evaluation must complete an Admission Application to the University, and have original official academic transcripts sent directly to ENMU-Roswell from each institution previously attended. Transfer credits are evaluated when all transcripts for that student have been received. Applicants are required to declare a major for evaluation of transfer credit. Transfer credits are evaluated only for students seeking a degree or certificate. Transfer grade point averages are used in the calculation of grade point averages for graduation "With Honors" only. Foreign students who wish to have foreign transcripts evaluated for transfer credit must provide an English translation of all transcripts. The English translation must demonstrate how the courses are equivalent in grade and content to those taught in the United States. Please contact the Director of Admissions and Records for more information.
