

TRANSFER CREDITS AND RESIDENCY REQUIREMENTS

The amount of credit that will transfer into a Fitchburg State University program is determined after you have been accepted. Transfer credit is normally granted for courses completed at regionally accredited colleges and universities for which you received a C or better, and which correspond with those offered at Fitchburg State. We will accept up to 60 credits from accredited two-year colleges and up to 75 credits from accredited four-year colleges. Regardless of the number of transfer credits you are granted, you must earn a minimum of 45 credits in residency at Fitchburg State to complete a bachelor's degree program. Some majors may require core coursework to be completed at Fitchburg State University.

TRANSFERRING FROM MASSACHUSETTS' COMMUNITY COLLEGES

Many students interested in transferring to Fitchburg State University start their college careers at one of the Massachusetts' community colleges. In order to help you in the transfer process, lists of commonly transferred courses from each of the 15 Massachusetts state community colleges can be found at www.fitchburgstate.edu/enrollsrv/transferequivalency.cfm.
