

**Gonzaga welcomes the experience and diversity that you, our transfer students, bring to the academic community. We'd like to make your transition as smooth as possible, so here's some helpful information up front.**

You are welcome to transfer a maximum of 64 semester (96 quarter) credits from a community college. We recognize the Associate of Arts and the Associate of Science transfer degrees from Washington community colleges and North Idaho College. You must complete your final 30 semester credits at Gonzaga (128 semester credits are needed for graduation).

The application process is different for you than it is for first-time students. Our transfer specialists, Helen Nahoopii and Joan Sarles, are available to answer all of your questions. Please contact Helen at [nahoopii@gonzaga.edu](mailto:nahoopii@gonzaga.edu) or (800) 986-9585, ext. 6579; and Joan at [sarles@gonzaga.edu](mailto:sarles@gonzaga.edu) or (800) 986-9585, ext. 6571.
