

INDIANA UNIVERSITY BLOOMINGTON

# Office of Admissions

## **Learn how transferring your credits will work**

If you are admitted to IU, we will evaluate your transcript(s) to determine if your coursework from another institution translates into credit at IU Bloomington. You will receive an email with information on how to check your online transfer credit report via One.IU. It will take approximately four to six weeks to complete a transfer credit evaluation once a transcript arrives in our office.

## **Here are a few important notes about transfer credit:**

- Only coursework earned at a regionally accredited institution will transfer.
- Only courses in which you received a C or higher will transfer.
- Transfer credit may count toward your degree at IU, but it will not count toward your GPA at IU.
- Individual schools and departments at IU determine how transferred credits will apply toward your degree requirements.
- Courses for which IU does not have an equivalent offering can sometimes be transferred as undistributed credits. Your academic advisor will be able to assist you with how undistributed credits may count toward your degree.
- Veterans may earn college credit for educational experiences in the armed services.
