

Transfer students will be considered for advanced standing on the quality of their credentials.

- Courses for transfer must be equivalent to a grade of "C" or better from an accredited college or university,
- The amount of transfer credits will depend on the equivalency of the courses to MMA's curriculum as evaluated by the Registrar,
- Courses from an approved military program are transferable where applicable. Submit an American Council on Education SMART (Navy/Marine Corps) or AART (Army),
- Transfer credits submitted from foreign colleges and universities will only be considered after they have been evaluated by a professional analyst,
- Transfer credits are not used in calculating the student's QPA at Maine Maritime.
- In accordance with federal regulations, Third Officer U.S. Coast Guard license students must be in training for a minimum of three years. Accordingly, except in unusual circumstances, transfer students or those expecting advanced placement in those majors must spend a minimum of this time in training.
- Please note that it is usually not possible to satisfy the unique academic requirements of the bachelor of science program in less than three years at Maine Maritime Academy. Because of scheduling and prerequisite requirements, Maine Maritime Academy cannot guarantee transfer students that all courses will be available in the sequence desired for graduation in an accelerated (less than 4 years) program.
- Every effort will be made to accommodate transfer students, but first priority in scheduling courses will be for the standard 4 year BS degree.
- Transfer students are urged to have an interview with the Director of Admissions.
