

If you're a high school graduate who has earned college credit from an accredited two- or four-year college or university, you can take advantage of our seamless transfer policies and earn an in-demand degree that can help you start your career or advance your skills.

Transferring your credits doesn't need to be difficult. At Rasmussen College, we understand that you:

- Want to complete your degree as quickly as possible
- Don't want to retake courses you've already taken
- Want to be recognized for your previous learning experience
- Don't want to guess as to how your credits will transfer

For those reasons, our transfer specialists conduct a thorough, yet efficient, transcript evaluation of your previous transcripts to maximize your credit transfer and minimize your time to graduation.

We have several transfer policies, and each is designed to maximize your credit transfer. Whether you will be earning an Associate's degree or a Bachelor's degree, you are eligible to take advantage of:

- Transferring up to 67% of the credits required to complete your degree<sup>1</sup>
- Credits accepted from both regionally and nationally accredited institutions
- Course-by-course evaluation of all courses with a grade of C or higher
- No expiration of your previously-earned general education and certain degree-specific credits<sup>2</sup>
- Credit through prior learning, work, and military experience
  - Credit by examination, which gives you an opportunity to test out of courses where you can demonstrate specific knowledge. These tests are offered free of charge to Rasmussen College students<sup>3</sup>
  - Complete advanced placement (AP) exams with a score of 3 or higher
  - Successfully complete college exams (e.g., CLEP, DSST, DANTES, etc.)
